END OF TERM - SETTLED

On looking back over the term, it is staggering to see how time has flown and all the things we've achieved.

A sample will show that

- * Train station murals are great
- * Sports Day was a success
- * Our Behaviour Management program is effective
- * German Language lessons occur in Yrs. 3-7
- * Women's Recreation Week was a positive influence
- * The S.R.C. has grown in confidence
- * The school is a harmonious place
- * More students (especially girls) being active at sport

Above all it is worth noting that the school is SETTLED and while we have a busy timetable, students are LEARNING.

A special highlight is the way older students are increasingly accepting responsibility for the care and leadership of younger students.

ILLNESS

A number of illness' have hit our school. Mrs. Bergin returns today after illness. There has been therefore, a small break to our German program.
