

# A girls' school | A public school | An unzoned school

Mitcham Girls High School is one of two public girls' schools in South Australia and is unzoned with approximately 800 students across Years 7 to 13.

At Mitcham Girls, we focus on each student finding their individual success and enjoying the journey of secondary schooling. Our students enjoy modern facilities and educators who innovate, with a proud record of academic achievement in NAPLAN and SACE results.

Mitcham Girls High School is a progressive learning community dedicated to providing outstanding educational opportunities for girls. Through focus on inquiry, research, innovation and student leadership, MGHS aspires to develop independent, resilient and globally responsive students.

We are passionate about providing a rich, challenging and secure learning environment to stretch each student to do their best. We offer a broad and innovative curriculum and leadership programs that empower students to become strong and compassionate leaders, now and in the future.

Mitcham Girls High School attracts students from all suburbs across Adelaide and nearby country towns, and we strive to offer opportunities in an environment that is academically challenging with a strong focus on student voice, agency and wellbeing.

"Girls' Schools provide an environment for intellectual risk-taking free of embarrassment..." - National Coalition of Girls' Schools.

We aim to develop students' skills so that they become independent, self-motivated learners who can achieve excellence in a range of areas and into their futures.
