

SITE LEARNING PLAN 2025

OUR VISION

A vibrant community of empowered learners who engage positively with society through deep understanding of the world around them and the strengths within them.

AREAS OF IMPACT FOCUS

EFFECTIVE LEARNERS

Effective learners are individuals who actively engage in the learning process, demonstrating curiosity and a willingness to explore new ideas. They employ a range of strategies to understand and retain information, such as setting clear goals, seeking feedback, and reflecting on their progress. Effective learners are adaptable, able to adjust their approaches based on the context and challenges they encounter. They also exhibit strong self-regulation skills, managing their time and resources efficiently to maximise their learning outcomes. They view challenges as opportunities for development and persist in the face of difficulties.

RESPECT RESPONSIBILITY

Primary School

CREATIVITY RESILIENCE

OUR LINES OF INQUIRY

How can we effectively foster productive thinking in mathematics and build resilience in our students as they develop their skills as mathematicians?

Does providing quality feedback influence student's ability to self-reflect and make improvements in their writing?

OUR MEASURES OF IMPACT

- Brightpath writing assessment tool
- Regularly collect and analyse student perception data through pulse checks
- Ongoing student goal setting / self-assessment
- Teaching sprints twice a term monitored by Professional Learning teams
- Classroom observations
- Progressive Achievement Tests
- Big Ideas in Number
- NAPLAN
