

Transition Tuesdays

Evidence suggests that children who have a positive start to school are likely to engage well and to experience academic and social success. Children's perceptions of themselves as learners, and as someone who belongs at school, are often formed early in their schooling. Our **Transition Tuesdays** program is aimed to assist your 4 year old child in achieving a positive start to school.

Our School

Eden Hills Primary School is a leading government school located just 15km south of Adelaide in the beautiful Mitcham Hills. It is characterised by its attractive rural setting of trees, grassed areas and playgrounds, which overlook the Adelaide Plains to the sea. We are a small to medium size school with a capacity of 300 students from Reception to Year 7. The distinct advantage of not being too big is that we get to know all of our students and the families in our school community which enhances the overall connectedness.

What's Involved?
